As we are approaching Thanksgiving, we want to take this opportunity to thank our many supporters and friends, and reflect on our blessings through the year.

Fifteen students were enrolled in the Summer Camp Program. The children attended the camp from June 10 to July 24th.

In addition to reading time, the campers had tons of fun learning new things and visiting educational sites. Discovery Place, Children's Museum, Riverbank Zoo, and the York County Library are a few of the fantastic places the campers received learning beyond the traditional classroom.

Reading  
Is  
Fun!

The campers were mesmerized by the magic show and tricks presented by Mr. Rod Routh, principal of Clover High School.

## 2019 Off To A Successful Start

The center welcomed thirteen new and returning students for the 2019 After-School Program.

**Mr. Bob Wilusz, a Park Pointe Resident, entertained the students with his accordion. They enjoyed the performance, were engaged and participated.**

### The Students enjoyed a Halloween Celebration

**sponsored by the staff and volunteers.**

On Friday, September 13th, the official ground breaking ceremony for our new center was held. It was a hot Carolina summer day; however, over a hundred people joined us for the ceremony.

We are extremely grateful to our partners, Community Church at Lake Wylie, KOP, Spectle Foundation, Carolina Trust Bank, as well as our many donors who have made this effort possible.

Our contractor, Waddell construction has agreed to build the center for us at cost. Several contractors have agreed to donate or significantly reduce the cost of their services.

Our fund raising goal is \$265,000.00. As of today, we still need about \$45,000.00. We continue to work hard to reach our goal and we continue to solicit your assistance!

**Excitement is building as the first signs of construction Are visible!**

***For that which has been accomplished, we thank God and give Him the glory and praise!***
