## 2020 – A NEW YEAR – A NEW BUILDING – AN EXCITING FUTURE

Finally, the dream is coming to life!!! If you go by the Roosevelt Park today, you will see our brand new Stellie Jackson Enrichment Center shaping up. Weather permitting, we should be under roof by the first day of the new year. All this would not be possible without all your financial contributions. We are grateful for your support.

Proudly Introducing To You  
The Future Stellie J. Jackson Enrichment Center

We want to take this opportunity to thank **EASON ROOFING** for donating the beautiful roof to the Stellie Jackson Center. This is a substantial savings that will allow us to reduce our construction cost and re-direct the money to the center's operational programs.

*With Grateful Hearts, Thank You*

***"Music Makes Me Laugh"***

December was a very busy time of the year and that was true for our students. In addition to taking their tests in school, they performed their Christmas Program "Christmas is Christ" twice in December. They took the show on the road to the Park Pointe Village residents in Rock Hill and received a standing ovation as well as stockings filled with candies and Santa's personal visit.

It is a long tradition for the Stellie Jackson students to perform at the Chapel United Methodist Church in Clover. They did an outstanding job there also. Keep in mind that this Community Choir is a brand new program for both the students and the staff at the center.

Parents and spectators enjoyed food and refreshments following the program and were able to share the Christmas spirit. Our thanks to Liz Johnson, Music Director and her assistant, Alberta Cook.

## Holiday Performances

Park Pointe Village, Rock Hill, South Carolina  
Clover Chapel United Methodist Church, Clover, South Carolina

As the students were breaking for the Christmas vacation, one last treat and reward was a trip to *Winter Fest* at Carowinds.

*For that which has been accomplished, we thank God and give Him the glory and praise!*
